

Sample Holiday Letter:
Hello Parents,

As Winter Break and the holidays are just around the corner, I would like to start collecting for a holiday gift for _____. I am planning to do a Gift Card Poinsettia – it will be a large poinsettia with gift cardholders staked into the dirt. There are many on Pinterest if you are interested in viewing the idea.

With this idea in mind, I am hoping that you will consider contributing toward the Gift Card Poinsettia. I would like to collect the money and then buy gift cards to a few of _____ favorite places-Starbucks, Salt Creek, Macys and Whole Foods...

Any contribution is appreciated and your student will be included in the gift whether or not you contribute. Please send the money with your student in a sealed envelope with your child's name on it addressed to me. I will send an email when I receive your envelope. **Please send any contribution by December _____.**

Thank you so much for your support!
